RE: Certification by Reciprocity
Rogers & Callcott Engineers
Georgia ID #880

Dear Ms. Musick:

The Georgia Department of Natural Resources, Environmental Protection Division (EPD) is in receipt of all required data necessary to fulfill your laboratory's request for Certification by Reciprocity in Georgia. Therefore, in accordance with the Georgia Safe Drinking Water Act of 1977 (Sections 12-5-170 through 12-5-193, O.C.G.A.) and the Rules for Safe Drinking Water (Chapter 391-3-5), this Certification is valid until July 01, 2025. This Certification replaces any previous Certification. This Certification is contingent upon continued Certification by the State of South Carolina and is non-transferable. This Certification is also contingent upon continued acceptable semi-annual Proficiency Testing results.

If Roger and Calcott Engineer's certification status is downgraded for any analyte/method by your Primary Accrediting Agency, the GA Certification Program must be notified. Any downgrade will result in the withdrawal of reciprocity for that analyte.

Prior to the expiration of this Certification, please contact your accrediting/certifying authority and request that the following information be forwarded to griffin.hughes@dnr.ga.gov.

1. Copies of the most current on-site and accepted corrective actions
2. Copies of the scope of accreditation listing analytes

If you have any questions, please feel free to contact Griffin Hughes at 470-524-7499.

Thank you.

Griffin Hughes
Laboratory Certification Officer
Drinking Water Compliance Unit

Sean Earley
Program Manager
Drinking Water Compliance Unit

Rogers and Callcott Engineers Inc. (GA Lab ID 880)
